

# Our three pronged COVID-19 crisis strategy

## Protecting our people

Ensuring the safety and well-being of our employees

- Voluntary COVID-19 testing for employees and contract workforce
- On-boarding Connect and Heal to provide primary and preventive tele-medicine services to employees
- Providing personal protective equipment kits to workforce and adhering to all social distancing and sanitary requirements
- Acknowledging our front-line workers through awards and certificates of recognition

## Preserving business continuity

Safeguarding our vision to shape the energy future

- Amplified customer engagement through technology and digital solutions
- Remotely commissioned projects

## Preparing for the new norm

Making digitalization our ally

- Switched to Remote Factory Acceptance Tests
- Conducted numerous virtual technical webinars
- Launched our flagship customer event – Energy and Digital World
- Continued engagement with industry leaders through virtual industry events
